————— Welcome *to* 23eleven —————

Well,

what about ye?

Hi, I'm Graeme.

I am a Belfast, Northern Ireland based photographer, videographer and graphic designer. My passion lies in combining these skills together to tell powerful visual stories, delivering professional results while keeping the process friendly, collaborative and good craic!

My favourite things in life are sports and old pubs with a crisp pint of Guinness and a crackling fire. I recently got married in July 2025 to Hannah so I know exactly the position you are in today! I have listed the many amazing suppliers we used at the bottom and we recommend absolutely all of them!

Whatever the setting, I'm here to document the atmosphere, emotion and story. Capturing the details most people miss and creating memories you'll look back on for the rest of your days!

I got married in July 2025 to the beaut, Hannah. Who where my photographers you ask?

NEVER YOU MIND...

Only joking, they were Laura & Alex from Inbetween Days, just don't tell them I use their photos for my brochure or they'll be looking more money!

my STYLE

As a photographer/videographer I prefer to document your day and take a very laid back approach.

I focus on the subtle, candid interactions and the atmosphere that brings your wedding to life, over posed shots. I like to capture the moments that most people miss.

In the lead up to the wedding day I like to meet up with my couples, going for a coffee or a drink, in order to get to know them better and chat about their plans for the day!

I am always available to answer any questions you might have and I love recommending other amazing suppliers that I have worked with over the past few years or used myself.

"We love how our wedding video turned out. It really captured the day just as we remember it, and we'll always be glad we have it to look back on."

DELIVERING *your videos with* vidflow

I have teamed up with the Netflix of wedding videography, Vidflow, to bring a modern platform designed to professionally deliver videos to couples through our beautifully branded, private online gallery. These galleries will be sent via email and are accessible across mobile devices, desktops, and Smart TVs.

A man in a black tuxedo with a white shirt and black bow tie stands by a large, multi-paned window. He is looking out the window with a slight smile, holding a small glass in his right hand. The window looks out onto a green lawn and trees. The room has dark wood paneling.
